Adobe Premier, Illustrator,
AfterEffects, Carrara 3D,
Google SketchUp,
QuarkXPress

WORK EXPERIENCE

Digital Learning Designer [Consultant, FTC]

Amadeus (Nice, France) 2018-2019

I've joined Amadeus in a consultant role, for an eight-month FTC to create a set of digital learning resources on newly released software for Amadeus' airline clients.

Instructional Design Specialist [Consultant]

Alvanon/MOTIF (Hong Kong) 2017-2018

I've joined Alvanon in a consulting role when they started developing their online learning platform, MOTIF. While designing courses for MOTIF's off-the-shelf content library, I had the chance to work with pioneers and global experts in the fashion industry on a variety of subjects. [\[PORTFOLIO\]](#)

Senior Instructional Designer [FTC]

Peak Pacific Ltd (Hong Kong) 2016-2017

With PPG I was based in **Cathay Pacific City**, leading the ID Team as we re-designed the company's online training and introduced many alternative approaches, including the use of explainer videos and mobile apps. [\[PORTFOLIO\]](#)

Instructional Designer / Content Developer

PHM Group Ltd. (London, UK) 2013-2015

Working on the **Ford** Account at PHM, my responsibilities ranged from instructional design and e-learning development to UX, UI and creative design. My projects included remote learning solutions of all kinds: from eLearning through mobile applications to cheat-sheets and other print-outs, and most often, the combination of these.

psychology, literature

Marketing Assistant / Instructional Designer

Organica Water (Budapest, Hungary) 2010

[via KVG] In 2010, I worked in close cooperation with the company leaders at Organica and the US-based marketing a new set of presentations and educational materials (both digital and print). [\[PORTFOLIO ↗\]](#)

Instructional Designer / Content Developer

KVG Konvergencia Kft. (Budapest, Hungary) 2008-2011

At KVG I created bespoke learning materials for international clients (both in a commercial environment and for the higher education sector) and I have learnt about all segments of learning content creation with growing responsibilities, working in a team of four. I have gained a good understanding of the methodology of e-learning development and instructional design, from course planning to page-by-page creation and I completed tasks of content design to development.
